

South Bend Motor Speedway

25698 State Road 2

South Bend, IN 46619

2020 South Bend Motor Speedway Compact Train Race Rules

IF YOUR NOT LEGAL THE FIRST NIGHT YOU DON'T RACE

1. You will need three compact cars for this event.
2. Front wheel drive compact cars only(meaning small)
3. All airbags, glass (except windshield) and anything that might catch fire must all be removed.
4. Head lights and tail lights must be removed.
5. All wheel weights must be removed.
6. Gas tank may remain in stock location or put inside the car behind the driver's seat but must be secured and covered.
7. Battery must be secured.
8. Must have a driver's side door bar (no muffler piping)
9. Front and rear cars will both be the engines. The center car will not be running or have a driver.
10. Cars can be chained however you want but can't be welded in any way.
11. Cars must remain detached until you arrive at the track.
12. Helmet, gloves and long sleeves are required. Complete fire suit is recommended.
13. Doors must be wired shut.
14. Hood and trunk latches must be removed and wired shut after tech.
15. All compact cars are up to the tech official's discretion. Small compact only, feel free to ask before you build.
16. Any other questions contact Ryan Powell.
